Willow Wood Returns at 2013 Gold Level Sponsor for OPAF

August 2, 2013 – Charlotte, North Carolina – Willow Wood returns as a 2013 Gold Level Sponsor for OPAF & The First Clinics. Willow Wood's donation allows OPAF to further develop new First Clinics at a top notch level, such as First Kick™ and First Fit™, to be introduced in September with the O & P World Congress in Orlando.

"The growth of OPAF and their First Clinics this past year has been very positive," said Ryan Arbogast, president of WillowWood. "It's been great to see new clinics such as First Kick and to see clinics at new venues both of which help expand the possibilities of what amputees realize they can do. We're pleased to continue to support OPAF in these activities."

"OPAF's work of adaptive recreation would not be possible without the faithful support of our donors and sponsors. Willow Wood is a shining example of that. We are making a difference and moving forward with quality opportunities and possibilities for those with physical challenges" said Robin Burton, OPAF Executive Director.

###

About OPAF: Serving as the philanthropic arm of the US orthotic and prosthetic community, the Orthotic & Prosthetic Activities Foundation (OPAF), develops, implements, partners and hosts adaptive recreational clinics for those with physical challenges. The First Clinics are recognized as leaders in adaptive recreation. Whether this is the first time a participant is trying an activity after illness, injury or episode or the first time they are ever trying, First Clinics offer top notch adaptive instruction specifically for them. Founded in 1995 to support the Paralympic Games in Atlanta, OPAF & The First Clinics have moved forward to offer introductory level adaptive recreation opportunities to everyone, not just the elite athlete.
